

Derm!

5/27/2017

Introduction to the upcoming approach to dermatology episodes!

Look forwards to a systematic approach to ruling out life threatening dermatologic emergencies.

The approach begins by learning the 8 visual categories in dermatology:

- Pustules
- Vesicles and bullae
- Vascular rashes
- Scaling rashes
- Hypopigmented
- Hyperpigmented
- Red (erythematous) rashes
- Skin colored rashes
